The first eight works are modeled on the sonata da chiesa at the "church" sonata. Cecilia's Day. The material is derived from the first two bars and a half bar figure that occurs in sequences and responses. The opening allemande for full orchestra is a reworking of the first movement. The final pair of concertos were first played during a performance of L'Allegro on April 23, just two days after the official publication of the set. Remember me on this computer.
