Sadly, Lisa passed away the following month. There were no data on how either group performed in comparison to traditional public school students.

Our teaching emphasizes research dispositions and practices, critical thinking. Consulting references sources even general ones and introductory texts helps, as does keeping up with the professional literature in the field. Relating to Further Education Partners and Franchises. I discovered an Association of Research Libraries SPEC Kit on liaison services that listed specific services offered by library liaisons and included training materials.

Overall, the professional development helped both teachers and learners. Again, seeing students take ownership is really exciting.
