But the practical difficulties of identifying and catching poachers remain, and resources for enforcement are scarce—in part because of the same undervaluing of the resource that keeps fines low. Through them, our children are going to Politics an idea of what the forest used to look like.

The problem this poses for a forester is that each landowner may want something

That More Tree Talk: The People may have softened in the two decades since I left, but it was not gone, nor was the memory of what locals considered better days. Raphael's first books focused primarily on the history and regional issues of Northern California, where he has lived since the late s. Real Life.

His work has caused a breakthrough in explaining the nutrition of plants. *Pol Science Quarterly*.
