I really find them so incredibly touching. If you really think about where she was going with Geilie's date of time travel versus Claire's and the fact that Geilie was already in the past when Claire arrived, PhotoPersuasion (Overview Book 1) leads you to the conclusion that the author's version of time travel is based on some notion that all time exists in the same moment rather than in a line or wave or various other versions some sci fi authors use.
