Hi Heather, so glad you found my little space on the internet. I look forward to continuing to follow your blog! I would like to work as a health coach because I already do this every day. For a less intensive approach, you could also offer classes or training programs. Mainstream medicine makes people sick not healthy. It's important to recognize that a degree may be required for a career or increase your chances of employment but it is not a guarantee of employment when you complete your degree. Veronica Pike, FNP-C, owner of Med2You and co-founder of the American Academy of Integrative Health Coaching. Her coaches integrate the medical model of treatment with various alternative modalities to help the client examine the many different paths to healing that are available. Modern medicine knows so little about alternative therapies and preventative measures.
